

WH6 — Warehouse 6. A transformable immersive event venue in Al Quoz, Dubai. Floor, walls, sound and lighting run as one permanently installed system.

## Arena

**1,215 m<sup>2</sup>**

One rectangular hall; floor and all walls are projection surfaces. Vehicle access for load-in and automotive reveals.

## Projection

**22 laser projectors**

12 × Panasonic PT-MZ17K (floor) + 10 × PT-MZ14K (walls), edge-blended and colour-matched into one 360° image.

## Screens

**Acoustic-transparent**

360° edge-to-edge surfaces that let audio pass straight through the projected image.

## Playback

**7thSense media server**

One frame-locked engine drives all 22 projectors in pixel-accurate sync.

## Audio

**10 cabinets**

8 × LD Systems Stinger 15 G3 full-range speakers + 2 dedicated subwoofers.

## Lighting

**8 PAR fixtures**

Show lighting layered over the projection, programmed to your cues and palette.

## Show control

**One cue stack**

Visuals, audio and lighting programmed into a single running order, operated live.

## Capacity

**Up to 800**

800 standing / theatre · 600 seated gala dinner · 450 workshop or cabaret.
